PURE DRIED PERFECTION

Over 40 years of experience

Lamboo Dried & Deco - Where passion meets perfection

Step into the world of Lamboo Dried & Deco, where passion and craftsmanship come together in every dried creation. With over 40 years of expertise, we cultivate and craft the finest, most authentic dried flowers and decorative products. From seed to final dried concept, we control every step of the process to ensure exceptional quality. Based in the heart of the European flower industry - the Dutch Bulb Region (The Flower Strip) - we stand as a symbol of the Netherlands' horticultural excellence.

Sustainable elegance with a low CO₂ footprint

Lamboo's dried flowers offer a beautiful and responsible choice. Thanks to their minimal environmental impact and long vase life, our dried flowers are a responsible and stylish solution. Naturally grown, long-lasting, and with an ultra-low CO₂ footprint, they embody sustainability at its best.

Our innovative Dried Flower Based Paper, made from our own flower residue, and our biodegradable packaging solutions further reinforce our commitment to sustainability. We take eco-consciousness seriously, using water-

based, non-toxic dyes and paints, powering our facility with 360 solar panels, and minimizing waste through smart recycling initiatives.

Stay inspired with innovative Dutch design

Our design team continuously develops new bouquets, arrangements, and concepts that reflect Dutch creativity and inspire retailers, florists, and wholesalers. Our integrated facility brings together every step of the process - from drying and dyeing to innovation and bouquet creation - making us a true center of excellence in dried flowers.

Special Theme Collections

In addition to our year-round collection, we offer exclusive seasonal themes such as Love, Spring, Autumn, and Christmas - each designed to bring a fresh, contemporary touch to any setting. Stay inspired with our latest designs by reaching out to our sales team.

- MINIMUM ORDER QUANTITIES
- DUTCH ORIGIN AND CRAFTSMANSHIP
- POSSIBILITIES FOR PRIVATE LABEL DESIGNS

A new season, a new collection

Welcome to the world of timeless elegance and natural charm! As the seasons change, so does our colour palette at Lamboo Dried & Deco. With nature as our greatest inspiration, we continue to evolve, bringing fresh and sophisticated hues to our collection. Each shade tells a story, evokes an emotion, and adds character to any floral arrangement.

New Colours

This year, we are thrilled to introduce three exquisite new colours to our collection: Sugar Pink, Prune, and Teak. These shades have been carefully selected to complement our existing range, offering new possibilities for creativity and design.

New Colour Themes

To make selecting and combining colours even more intuitive, we've refined the structure of our catalogue. We present four carefully curated colour themes, Blushing Palette, Serene Elegance, Sunset Glow, and Pastel Faded each designed to spark inspiration and bring out the best in our dried flower collections.

New Concepts

In this Dried Concepts catalogue, we offer a wide range of new concepts in different styles and sizes. Also, we highlight the beauty of sola flowers. Sola flowers offer a sustainable, elegant touch to arrangements. Their generous size suits the trend for larger blooms. In matching the colours with our themes, they form a unique and cohesive collection and offer a refined and contemporary take on our dried floral designs.

Step into our world of colour, browse through the pages of our catalogue, and discover the endless creative possibilities that await. Which shades will inspire you this season?

Charlotte

Floral designer at Lamboo Dried & Deco

Pastel Faded

Our 'Pastel Faded' collection combines soft, muted tones with a few vibrant accents, bringing calm and harmony, with just the right touch of contrast to keep things fresh and uplifting.

PASTEL FADED

HIGH DECOR
VALUE,
LOW CO₂
IMPACT

Sustainable by nature

In collaboration with Greenhouse Sustainability, we have calculated the CO₂ footprint of our dried flowers; and the results speak for themselves. Our products have a very low environmental impact, thanks to local cultivation, long shelf life, non-cooled transport, and natural biodegradability. Take our Vibrant Bouquet: this medium-sized bouquet emits only 0.53 kg CO₂ from sowing to packaging (Cradle to Gate). For context, a bottle of wine emits 1.3 kg CO₂, and a chocolate bar 1.78 kg CO₂. Our dried flowers are a natural choice for sustainable decoration.

Sola Flowers

Sola flowers bring a natural, handcrafted elegance to any arrangement. Made from the stem of a tropical water plant, the outer layer is peeled and sliced into fine sheets, which skilled artisans shape into delicate blooms using a range of techniques. Entirely handmade and sustainable, they offer a premium decorative choice that combines craftsmanship with timeless beauty. Their vibrant appearance and generous size reflect the growing trend for larger flowers in bouquets. By offering a wide variety of Sola flowers in colours that match our curated themes, we create a distinctive and cohesive new collection.

DUTCH MADE, GLOBALLY TRUSTED

From seed to Dried
Concept - Dutch quality
from start to finish.

Our dried flowers are grown, dried, and designed in the Netherlands. The process begins in Dutch fields, where we cultivate selected flower varieties under controlled and sustainable conditions. Local growers sow, tend, and harvest the flowers with care, based on years of expertise.

After harvesting, the flowers are dried in our own facilities. This controlled drying process preserves their shape, colour, and durability without the need for artificial cooling or chemical treatments. The result: a long-lasting, low-impact product.

Once dried, the flowers are carefully sorted, coloured using certified water-based dyes, and composed into our Dried Concepts – a collection of modern, seasonally relevant designs. Each product reflects our Dutch approach to design: minimalistic, balanced, and timeless.

Our full production chain - from cultivation to final design - is based in the Netherlands. This ensures transparency, consistent quality, and short transport routes. Combined with our focus on natural materials, circular packaging solutions, and low CO₂ emissions, it makes our dried flowers a sustainable choice for today's conscious market.

Lamboo Dried & Deco: Dutch made, globally trusted.

Serene Elegance

Serene Elegance embodies a peaceful combination of refined simplicity and beauty, and creates a sense of calm and sophistication. It reflects a graceful and stylish range.

BRANDED SOLUTIONS

From idea to concept

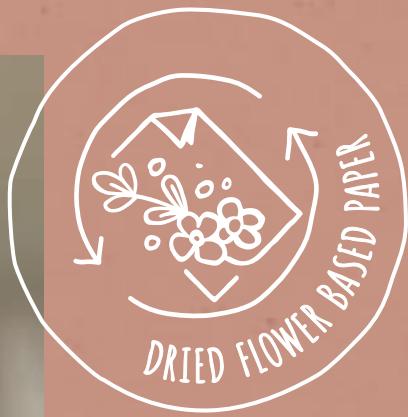

Private label

Looking to launch your own range of dried flower products? With our private label service, you're in full control; from the design and composition to the packaging. We work closely with you to develop products that reflect your brand's identity down to the finest detail. Whether it's an exclusive bouquet or bespoke packaging, we help bring your vision to life. You bring the ideas – we bring the expertise.

White label

Prefer a ready-made solution? Our white label products are handcrafted, high-quality, and ready to carry your name. Choose from our extensive collection of dried flowers, bouquets, and arrangements – all carefully curated and consistently produced. It's an easy way to expand your range with beautifully made products, without the time and effort of developing them yourself. Get in touch with our sales team for more information,

Packaging

Packaging with Purpose – Dried Flower Based Paper

We prioritize the environment in our packaging choices, using recycled cardboard boxes, paper tape, and offering various eco-friendly options. In the summer of 2023 we proudly introduced our ***Dried Flower Based Paper, made from our own dried flower residue***. We are the first company to do this and are very proud of this circular solution. It is, since then, our new sustainable standard.

Our bunches are packed into recycled cardboard boxes without extra wrap or plastic and are then sealed with paper tape.

Packaging

We offer different kinds of packaging. From wrapping in dried flower based paper (branded / non branded), kraft, and e-com possibilities. Options depend on MOQ, sales channel e.g.

Contact our accountmanagers for appropriate opportunities:
